

## A19 Omni-directional ENERGY STAR, 2700K. 490 lumens, 40W Incandescent Replacement. Dimmable

The Verbatim 2700K omni-directional A19 LED bulb is an ideal replacement for standard 40W incandescent bulbs. This lamp emits omni-directional light, so it can be used in environments where downward light output is required, like table and floor lamps. Utilizing a semi-frosted globe, this A19 bulb has the same look as traditional A19 lamps, so it can also be used in fixtures where the bulb can be seen, such as pendants. The 2700K color temperature replicates the warmth of standard incandescent lighting. ENERGY STAR qualified, the Verbatim omni-directional A-type bulbs can reduce energy consumption by more than 80% when compared to incandescent bulbs and have an estimated lifetime of 40,000\* hours, resulting in additional savings in maintenance and replacement costs. This Verbatim LED bulb is fully dimmable and backed by Verbatim's 5-year limited warranty.

Specifications	
Lamp Type	A19 omni-directional ENERGY STAR 2700K
Model	A19-L490-C27-O
Wattage	9W
Lumen Output	490 lm
Efficacy	54 lm/W
Color Temperature	2700K
CRI	80
Beam Angle	300°
Dimmable	Yes
Voltage	120V
Operating Temperature	-20°C to 40°C
Socket	E26
Weight	6.7 oz.
Design life	40,000* Hrs.
Part Number	98227

## Features & Benefits

ENERGY STAR qualified lamp

Omni-directional light, ideal for any A19 incandescent retrofit

2700K warm white light matches traditional incandescent for residential and commercial environments

Reduces energy consumption by over 80% when compared to a 40W incandescent bulb

Compatible with most commercial dimmers, offering 10%-100% dimming performance.

40,000\* hour lifetime reduces replacement and maintenance costs

Environmentally-friendly product has no mercury or other hazardous materials and is RoHS compliant and UL listed.

5-year limited warranty

*\*lifetime statement on packaging may state 25,000hrs (directional lamp) or 15,000hrs (decorative lamp) based on Energy Star life testing requirements.*
