Project Name:	Part Number:

LED MICROWAVE MOTION SENSOR FOR STRIP FIXTURE

FEATURES

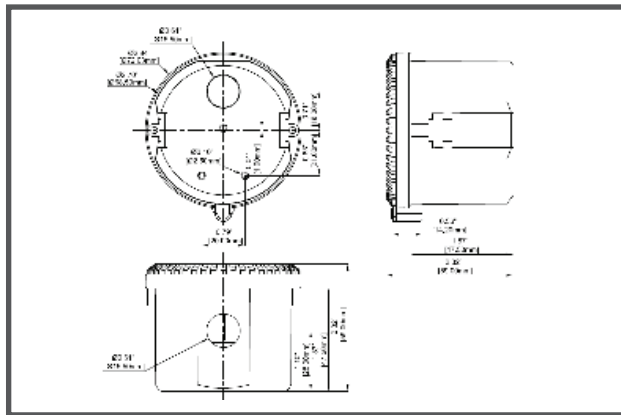

- 120/277/347V
- Large detection zone, IP65
- 15m Max. Mounting height
- Stand-by Power : ≤ 1.0
- North American version for linear & batten and high bay & low bay functions such as detection area, hold time, stand-by level, stand-by dim level etc
- DIP or infrared remote control MH01w
- 5 Year Warranty

SPECIFICATION
